## Renault Sandero Stepway Concept at the Sao Paulo Motor Show

At the Sao Paulo Motor Show, Renault Brazil unveils Sandero Stepway Concept, a show car produced by Renault Design America Latina. Based on Renault Sandero Stepway (35,000 cars sold since 2008), this show car features some innovative materials & colours. The gloss black titanium bonnet, tailgate & roof contrast elegantly with the matt copper colour of the doors. The bumpers & body lower parts are platinum finished while the cabin features a blend of anodised aluminium & satin-finish titanium.
